Coach/Sponsor Handbook

General Information Regarding Student Activities

Coach/Sponsor Responsibilities and Expectations

The Coach/Sponsor shall abide by all district policies and procedures with regard to student activities. A copy of the job descriptions for a Coach and a Club Sponsor are included in Appendix A.

The Coach/Sponsor is expected to communicate in an effective manner with all district personnel, student participants and parents. All student participants will be required to turn in any mandatory forms to the district before beginning participation in any activity. The Coach/Sponsor will be responsible for ensuring safe travel of all student participants to and from events.

The Coach/Sponsor will be required to do the following:

- Sign off on a form stating they have received, acknowledged and agreed to the district's Board of Education, Section 5.125 Policy - Personal Technology and Social Media; Usage and Conduct. Copies of this Board Policy and the Acknowledgement Form are included in Appendix B.
- Sign off on a form stating they have received, acknowledged and agreed to the district's Board of Education, Section 5.50 Policy - Drug and Alcohol Free Workplace. Copies of this Board Policy and the Acknowledgement Form are included in Appendix C.
- Sign off on a Mandated Reporter form that acknowledges they are aware of the requirements in place through the State of Illinois' Department of Children & Family Services. A copy of this form is included in Appendix D.
- Complete an inventory of all materials pertaining to their particular activity at the beginning and end of each school year. These inventories are to be reported to the building secretary to be kept on file.
- Follow the district's dress standards. The District's image is reflected in employees' dress and appearance, which must not disrupt the educational/athletic process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, or decency. Good grooming and tasteful attire is essential.
- Follow the district's tobacco policy. In keeping with Streator ESD #44's intent to provide a safe and healthful work environment and in compliance with the Illinois School Code and Smoke-Free Illinois Act, smoking is prohibited in all school buildings, vehicles used for school purposes, and school property. Further, the use of tobacco is prohibited on school property by any employee, student, or other person when such property is being used for any school purposes. "School purposes" include but are not limited to all events or activities or other use of school property that the Board or school officials authorize or permit on school property, including without limitation all interscholastic or extracurricular athletic, academic, or other events sponsored by the Board or in which pupils of the District participate. "Tobacco" shall mean cigarette, electronic/vapor cigarette, cigar, or tobacco in any other form, including smokeless tobacco which is any loose, cut, shredded, ground, powdered, compressed or leaf tobacco that is intended to be placed in the mouth without being smoked.

Ethics

Coaches/Sponsors are asked to use their best judgment and common sense when performing their job duties or when incurring or approving expenditures.

All Coaches/Sponsors must take their student participants' safety and well-being into consideration. Any issues pertaining to student health or disciplinary action should be communicated immediately to the Streator ESD #44 Administration. In the event of a participant's injury during course of the activity, proper medical attention should be taken by the Coach/Sponsor and the participant's parent(s)/guardian(s) should be notified. All Coaches will be required to follow the IHSA's Concussion Protocol in the event of a head injury to a student-athlete.

All Coaches/Sponsors must make sure that any expenditure is reasonable. Also, the activity must be honestly incurred and ethically responsible. The expenditure cannot result in personal benefit to the staff member.

Also, all Coaches/Sponsors should not hold gatherings at private residences without specific prior administrative approval.

Publicizing Student Organizations or Activities

Publicizing an event internally to the students or faculty can be accomplished through several different methods. Events can be included in the daily announcements. Please notify the building principal of announcements. Events may be included on the District website under the applicable school webpage.

Finance and Accounting for Student Activity Accounts

General Finance and Accounting Information

1. No activity should maintain cash on hand without prior permission. **Clubs/organizations should not maintain their own accounts at a local bank.** All funds collected should be deposited with the building secretary.
2. No payment for expenses of the activity should be made directly from the cash or receipts of the activity. Expenses must be paid by check and supported with proper detailed substantiation.
3. All clubs and organizations must be financially self-supporting and will only draw money from their accounts when there is a sufficient balance.
4. All money-making activities must be approved by the building principal through a **Fundraising Request Form.**
5. A financial record of all transactions is maintained for each activity by the building office.

How do I find out if there is money in my activity account?

Contact the building secretary for the fund balance and the transactions in your activity account.

Does my club or organization get money budgeted from the school?

Only clubs or organizations that engage in interscholastic competition are funded by the district. All other clubs and activities are self-supporting.

Fundraising Activities

1. The building principal (and superintendent) exercises general control over all fundraising activities and must approve all activities that affect the student body.
2. Each organization will submit a **Fundraising Request Form** to the building principal at least two weeks prior to the beginning of the fundraising activity.

3. Any student group that intends to solicit gifts, donations, or subsidies from businesses or foundations outside of the school must have prior authorization from the principal.

Fundraising Cash Handling and Collection

All money is to be turned in to the building secretary for deposit. The secretary will issue a receipt for the monies deposited. A copy of the receipt will be given to the Coach/Sponsor and kept in the organization's files. The Coach/Sponsor should check immediately that information on the receipt agrees with the amount deposited.

Method 1: Coach/Sponsor Collection and Deposit of Funds

1. The Coach/Sponsor is responsible for the collection and safe handling of funds received on behalf of the organization. The Coach/Sponsor is also responsible for the supervision of students having contact with cash or checks.
2. All checks should be made payable to the appropriate school.
3. Funds must be counted by the Coach/Sponsor prior to turning over the receipts to the building secretary. Do not endorse any checks.
4. The secretary will verify the amount of the funds with a second count, fill out the appropriate deposit slip, and submit the funds to the bank for deposit. **DO NOT LEAVE FUNDS UNATTENDED.** Should the secretary not be available, the deposit information and funds should be left with the building principal.
5. Coaches/Sponsors should deposit all cash and checks daily. Money that is collected during evening and weekend activities should be turned over to the building principal or Athletic Director and locked in the safe. **Money should not be taken home, left in drawers or out in the open.**

Method 2: Special Event Fundraising Collection and Deposit of Funds (Ticket Sales)

1. **All events that require an admission fee shall sell tickets.** Tickets for all events shall be sequentially numbered. Office staff can assist with obtaining pre-numbered tickets. Ticket sellers shall account for all tickets received by returning a dollar amount that is equal to the number of tickets sold multiplied by the admission charge per participant.
2. All cash and checks should be returned to the building secretary and locked in a secure location. All funds collected are to be deposited in the safe at the conclusion of each individual event.
3. The building secretary will verify the amount of cash and checks received to the amount of tickets sold. The secretary will then deposit the ticket sales.

Expenditures

The purpose of raising and expending student activity funds is to promote the general welfare, education, and morale of all the students and to finance approved extra-curricular and co-curricular activities of student body organizations.

Expenditures-General Information

1. Each activity must include in the **Fundraising Request Form** an estimate of expenses prior to making commitments for those expenditures. This approved form serves as the guideline for the office to determine the reasonableness and appropriateness of expenditures before payment to the vendor is made.
2. The office discourages Coaches/Sponsors from paying for items themselves and then asking for reimbursement at a later date. We do recognize that these situations arise but they should be the exception rather than the rule. **Advance checks may be obtained for certain purchases with advance notice and documentation.**

3. All contracts about to be entered into on behalf of Streator ESD #44 will be submitted to the office for approval.
4. Any purchases greater than or equal to \$10,000 will be subject to the public bidding requirements of the Illinois School Code. Please contact the superintendent's office with questions regarding bidding.

If an account of a school sponsored activity or club has a cash balance remaining after a two-year period during in which there is no activity in the account or if the activity or club ceases to exist, this balance may be transferred to another student activity account, or expended as the Board of Education determines in accordance with Illinois Administrative Code.

What Can Student Activity Accounts Funds Be Used For?

Student activity money should be expended in such a way as to benefit the students.

Examples of how student activity funds may be spent

Expenditures for student activity accounts must be clearly identified as to the purpose for the expenditure. The following items are examples of **allowable expenditures**:

- Fundraising expenses that are clearly identified (i.e. supplies, fees, materials, advertising, etc).
- Supplies that are clearly identified as the student club or organization's operational expenses. The purpose of the expense must be clearly identified.
- Publications or dues that will be used for the benefit of the student organization involved.
- A gift to the school, either monetary or otherwise, with the approval of the Building principal or superintendent.
- Uniforms or apparel specific to the student organization and used to assist in the identification of Coach/Sponsor if they are reasonable in nature.
- Conference and related meal/hotel costs that are required in attendance of a Coach/Sponsor or student member representative. Itemized receipts must be attached to any requests for reimbursement. At no time will there be reimbursement for alcoholic beverages or tobacco products.
- A gift to a charitable organization if approved by the student members.

Examples of student activity account expenditures that do not qualify as allowable expenditures

- Prepaid expenditures without proper detailed documentation.
- Gifts to Coaches/Sponsors paid from the activity account.
- Payments for expenditures not benefiting the students in the club or organization.

Cash Disbursements

Purchase Orders

A purchase order (PO) is required for purchases of all goods and services. Examples include: T shirts, supplies, equipment or purchase of goods for resale in a fundraiser. Contact the vendor to determine if they would accept a PO. *This is the preferred method of payment for all goods and services.* Consult with the office if you are uncertain **before** making a purchase.

1. In all situations, the secretary completes the purchase order and must be approved by the building principal. Once the building principal approves a requisition the item(s) may be ordered.
2. After the ordered items have been received, please forward the packing slip and any other documentation to the office. Please keep copies for your records.

Reimbursements (Check Requests)

If you are requesting a reimbursement or payment, please forward to the secretary. No payments will be made unless all supporting documentation is attached:

1. Disbursement requests may be submitted at any time.
2. Allow sufficient time for requests for payments to be reviewed and processed. We understand that emergencies may occasionally occur and one may need a check processed immediately. Try to avoid last minute transactions as much as possible.
3. Sales Tax is not reimbursed.

Communications

Parent/Coach Relationship

Both parenting and coaching are extremely difficult roles. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefits to all of our student-athletes. As parents, when your student-athlete becomes involved in one of our programs, you have a right to understand what expectations are placed on your student-athlete. This begins with clear communication from the coach of your student-athletes program.

Communication plan

1. To start the communication process, all coaches must have a parents' meeting with all parents involved in their program, to explain expectations and answer questions. Distribution of schedules and information about any expectations is essential. Coaches must account for information to **ALL** parents (including those not in attendance) and make sure they receive pertinent information involved with each season including but not limited to:
 - a. Practice times
 - b. Eligibility requirements and grade policies
 - c. Contract – This document must be signed by every athlete and parent involved in your program. The contract states that the athlete and parent have read and agree to abide by the rules and expectations of the Streater ESD #44 Athletic program.
2. Make it clear to all involved concerning the exact departure time and location for events. Communicate plans plenty of time prior to the planned event.
3. Make it clear to all involved of the expected time and location returning from events.
4. If sack lunches are needed, communicate this with parents and students plenty of time prior to the event.
5. Purchasing refreshments or meals while on the road should be communicated to parents and students prior to traveling.
6. Plan to stay with students upon your return until all have departed.
7. Check the school bus following your return to see that it is presentable and vandalism has not taken place.
8. Communicate with the Athletic Director and Principal well in advance concerning all athletic events.
9. Communicate with your building Principal, attendance secretary, students, and parents regarding which athletes will be absent in regard to an event during the school day.
10. Send home the following information:
 - a. Schedule of games and practices
 - b. Location of games and practices
 - c. Names and phone numbers of coaching staff

Communication guidelines

1. Coaches are to refrain from developing social networking relationships, beyond the normal and expected lines of professional communications (i.e. practice times and schedule changes, team announcements, excusal from practice or event, and etc.)
2. Coaches are responsible for communication with the media such as post game radio interviews. Positive media communications are essential.
3. While it might be convenient to make frequent use of texting for the purpose of communicating with the team and parents as a whole, coaches are strongly discouraged from giving out their private cell phone numbers or collecting the private cell phone numbers of their athletes. School e-mail or appropriate web based texting software (“Cell-y”, for example) should be used for this purpose.

Communication coaches should expect from parents

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regards to a coach’s philosophy and/or expectations.

Summer Camps

Coaches in all sports may organize and operate youth sports camps in their respective sports if approved by their immediate supervisor. All camps must be operated as a school-sponsored activity and comply with all relevant policies and procedures as described in other sections of this handbook or in District policy and procedures. All personnel serving as camp instructors shall be:

1. Currently employed coaches of the school,
2. Volunteers as described in previous handbook sections, or
3. Student-athlete members of the respective athletic team offering the camps.

All revenues and expenditures for athletic camps shall comply with school and District financial policies as described in this handbook or in the complete District policy and procedure manual.

Interscholastic athletic contests involving more than half of a normal team (i.e. six [6] or more football players, three [3] or more basketball players) may not be held in school-owned facilities outside the determined limitation of seasons.

All athletic camps should be scheduled so they do not conflict with the regular academic calendar of the Streator ESD #44 or the District’s regular academic programming.
